

Next steps for investment - consider the challenges to the sector

(a) Working towards ‘Change For Good’

Report of the Independent Commission on the future of local infrastructure - January 2015

‘Local infrastructure needs to be redesigned and creatively resourced to meet the challenges of tomorrow’

(b) ‘What are we each prepared to give up?’

Professor John Diamond, Edge Hill University, West Lancs Health Network

84% of the West Lancs VCF&SE survey respondents confirmed their willingness to work in formal partnership but also identified the challenges that need to be overcome in developing this approach.

Practical support and workshops will be provided to address these challenges.

Budget Line	Total Amount
£25,000 per Health Economy Area for partnerships projects – from £500 up to a maximum of £25,000	£75,000
Individual Grant Proposals – from £500 to £10,000	£10,000
*Small Funding Pot - up to £500 per grant	£3,000
Training Fund - subjects identified from VCF&SE survey	£2,000
Contingency	£2,500
CVS Fund Management	£7,500
Total	£100,000

NB. West Lancs CVS has secured a further £4,000 to be offered as small funding pots which means a total of £7,000 is available across West Lancs from 1 September 2018 – 31 March 2019.
